

SOLDIERS ENJOY "WHOPPER OF A TIME"

Chamber of Commerce Guests Make Merry at Smoker

(From Saturday's Daily)

"An dandy as they make 'em" was the verdict handed down by the 200 militiamen and officers of the Hunt Encampment—guests of the Chamber of Commerce—after the smoker in Dougherty's Hall last night.

When the boys in khaki returned to camp after the affair of Thursday night they lost no time in describing the affair to the other half of their fellow campers. The vivid description made their mouths water in anticipation of the time in store for them. Consequently, it was a jolly, fun-loving army which assaulted the scene of revelry last night.

The guests made themselves at home in short order and in less time than it takes to tell they were playing the piano, dancing about the hall, singing songs and conducting boxing matches.

Most of the officers of the encampment were again present, appreciating the fine time offered them on the preceding night. Several local citizens were also present.

O. W. Reed and Frank Gilman, the men on the job, kept dishing out the "how-wows" and flavors of all tastes and color just as fast as the demand offered. In addition, there was an abundance of "Missouri Meerschaums", tobacco and matches available, not to say anything of cigars.

As nearly as can be learned, almost every soldier in camp took advantage of the Chamber of Commerce's invitation to attend the jollification proceedings of Thursday and Friday nights. The impression made by Prescottian hospitality is a matter the guests themselves can judge, and according to their current remarks, they had "some time."

The "smoker" last night continued until about 11 o'clock, when the officers were whisked away to camp in autos while the majority of the men fell in line and tramped to their tents.

FUN TO PRECEDE BREAKING OF CAMP

(From Thursday's Daily)

Camp Hunt at Whipple Barracks, 1913 encampment of the First Arizona Regiment, has settled down to peace and quiet preparatory to the arrival of Governor Hunt tomorrow and the final program leading up to breaking of camp on Sunday. The monotony of strict camp life is offset daily only by the giving of new instructions such as maneuvering and deploying. But the manual drill with music accompaniment was gone through yesterday for the first time.

Considerable favorable comment has been going the rounds among the troops and officers over the indefatigable manner in which Secretary Fraser of the Chamber of Commerce is laboring to assure the final days of the encampment being a fitting and elaborate culmination to a delightful stay. The Secretary, with the assistance of several other members of the Chamber, have arranged smokers to be held here for the soldiers and officers, both to-night and tomorrow night. On Saturday night the officers of the encampment will be the guests of that body. In addition, Secretary Fraser is also assisting materially in the successful materialization of the field day plans for Saturday afternoon. He has made almost daily visits to the encampment and is known to a great number of the campers.

That the splendid climate has proven a valuable accessory towards assuring the encampment being a splendid success, is now conceded by the campers. The record to date shows that not a single militiaman has had to decamp because of a serious illness.

Governor Hunt is expected to arrive either Friday afternoon or at midnight. In either event he will be met by a guard and escorted to his tent at the encampment. He, also, will probably attend the officers' dinner in the Yavapai Club Saturday night.

SIR EDWARD GREY HAS EYE ON MEXICO.

LONDON, July 24.—Sir Edward Grey, British foreign secretary is keeping in communication with the admiralty in view of the possibility that a British warship will be needed in Mexican waters. Thus far the British minister of Mexico City has not reported any Englishmen in danger.

REBEL PLOTTERS ARE SENT TO PRISON

EAGLE PASS, July 24.—Charged with a plot to assassinate Carranza, Major Federico Guajardo and several others, all Constitutionalists, were sentenced to prison at Piedras Negras.

YAVAPAI DAMAGE CASE NOW IN HIGH COURT

(From Friday's Daily)

PHOENIX, July 24.—The Consolidated Arizona Smelting Company, a corporation doing business in Yavapai county, in the neighborhood of Humboldt, where large smelters are being maintained, filed an appeal Wednesday in the Supreme Court from a judgment in the Superior Court of Yavapai county obtained by Jack Ujack on June 7th of this year. The judgment was for \$8000 for personal damages sustained by the said Ujack while an employee of the defendant company.

The suit was originally for \$25,000, and was first filed on January 22 of this year. In his original complaint, Ujack alleged that while acting in his capacity as machinist in the mill of the company, he was instructed to do certain work which was hazardous and in following out instructions fell from a ladder and sustained such injuries as one broken ankle, one sprained ankle, one sprained wrist, and several bruised tendons and ligaments, and also several bruises over his body, and divers strains, such as to wholly incapacitate him from service. He was in the habit of earning \$2000 per year prior to the injuries which occurred on October 6, 1912.

The company set out that the workman's compulsory compensation act passed that year by the Arizona Legislature was in full force and effect and that the plaintiff in the case failed to comply with the provisions of the act at his own risk and damage and the corresponding release of the company. When the case came on for trial all the demurrers and motions of the defendant were overruled and after the evidence had been heard by a jury, upon duly being charged by the court, the jury returned a verdict of \$8000. In the meantime the company tendered a check in open court for one-half of the wages of the complainant from the time of the injury, which was refused.

A motion for a new trial was argued and overruled and finally the appeal above to the Supreme Court was taken. LeRoy Anderson and Richard Lamson represent the smelter company while E. S. Clark and J. Ralph Tascher appear for the plaintiff.

GOVERNOR'S OWN TO GET FILL OF GOOD THINGS

Kind Hearted Women of City to Provide for the Band Boys

(From Saturday's Daily.)

The closing hours of the National Guard encampment at Fort Whipple will be relieved of the stern military discipline that has been observed for the past ten days, when sentiment takes the line of march and invades the ranks of the little band of musicians who are known as the "Governor's Own".

This organization is to be extended the affection and consideration of a few generous women of the city, and the last day will be observed in the spirit of Christianity, practically tempered with everything that is good to eat, that these boys may remember the kindly feeling entertained for them.

The beauty of the occasion is reflected in the fine spread these little men are to receive, which will consist of ice cream and cake, sandwiches and other viands to relieve the appetite of the hardtack rations that have been issued to them since they arrived with the main column of troops. There will be a sufficiency to go the round of the twenty plates several times.

This beautiful tribute of affection was initiated a few days ago by Mrs. P. J. Farley, with whom is associated Mrs. Harry Harter, Mrs. J. B. McNally and other women in the city. They will take the refreshments this morning to the encampment and the same will be delivered personally to Prof. Carl Gung'l, bandmaster, with strict orders that no desertions from the main column are to be tolerated.

This organization is an interesting one. Its personnel is made up of mere boys, whose ages average only 14 years. The youngest is but twelve and the eldest is seventeen. They have been together as a musical body only four months, and during that time have made splendid progress as musicians. They are idolized by the soldiers, and their rendering of several difficult pieces has won for them the admiration of all. Governor Hunt is the father of the movement to create this organization, and selected Prof. Gung'l to take charge of them as an instructor. This master was for twenty-nine years the director of the Ninth Cavalry band of the regular army, as well as he in years gone by a clarinet soloist of Gilmore's famous band.

PRESCOTT BUSINESS DIRECTORY

A Buyers' Guide to Nearly Every Class of Business In the City.

AUTOMOBILES

Agents for Overland Cars. Repairing Rebuilding, General Machine Work. Firestone Tires and Tubes. All accessories. Trips to towns and camps. City service. Phone: Black 342. 109 S. Granite St.

CIGAR MANUFACTURER

If you appreciate a good, fresh smoke get behind that splendid Moose or M. A. made at home. M. A. Andres, 253 S. Montezuma St.

VISIT RESULTS IN REVIVING OF MINES

(From Friday's Daily)

Associated with the recent trip to Prescott of R. Humphrey, managing director of the Arizona Copper, Gold Mines Company, the reviving of that undertaking has followed and inside of the next sixty days, active operations will be inaugurated. Ample finances have been subscribed and the affairs of the company are said to be in a healthy condition.

Mr. Humphrey visited the holdings on Cherry creek and selected Sherman Sessions as superintendent. The plan is to concentrate development on the Bugler claim of the group, and tunnel exploration will be the method of operating. The cyanide process of reduction is to be installed and there is a heavy tonnage on the old dumps, from years of mine work. One tunnel has a length of 1,300 feet and the other 150 feet, both gaining foot for foot as they are driven into the mountain where the Bugler fissure exists.

CHINESE REBELS SUFFER REPULSES.

SHANGHAI, July 25.—(2 a. m.)—In the last twenty-four hours the Rebels have made a series of spirited attacks on the arsenal but were repulsed. The government troops have assumed the offensive, forcing the Rebels back. The navy is planning to bombard the Rebels.

INDIANS MISSING.

DOUGLAS, Ariz., July 24.—United States agents who returned yesterday from the Kickapoo Indian reservation in Sonora, report that one tribe of former Oklahoma Indians is missing. Members of two of the remaining tribes are also missing. One went into Coahuila visiting and was restrained by the authorities of that State from returning again.

CONVICTS ACCUSED OF STARTING FIRE

(From Friday's Daily)

OSSINING, N. Y., July 24.—Fire starting in a Sing Sing clothing shop early today threatened to destroy the prison, but the prison fire brigade extinguished it after a hard fight.

It was the second fire this week and the authorities believe that both of these fires were started by mutinous convicts.

The first blaze did one hundred and fifty thousand dollars worth of damage. Rioting of prisoners accompanied today's blaze, but the mutineers were restrained and the men at work in the burning building marched out in good order, while the convicts locked in their cells in the other parts of the building joined in the chorus of yells.

Warden Clancy attributes the recent disturbances to an order for the transfer of some of the convicts to the State penitentiary at Auburn. Most of the Sing Sing prisoners come from New York City and object to being taken up the State, because it will be difficult for their friends to visit them. As a result of the mutiny six ringleaders will be taken to Auburn tomorrow.

TURKEY IS INVADER OF BULGARIAN SOIL

LONDON, July 24.—Without declaring war and apparently trusting to the jealousies of the Powers to prevent a conference, Turkey has begun an invasion of Bulgaria. The Turks have occupied and burned villages. It is reported that as far as Philippopolis there is some skirmishing but little resistance by the Bulgarians. In Vienna, it is reported the Turks have crossed the Bulgarian frontier at three places, roughly coinciding with the routes followed last October by the Bulgarians.

HOTEL ST. MICHAEL CAFE

Best In Prescott. Run in conjunction with the Congress and St. Michael Hotels. Table and Cuisine Unexcelled.

MICHIGAN MILITIA OUT ON STRIKE DUTY

(From Friday's Daily)

LANSING, Mich., July 24.—Two troops of cavalry, two companies of artillery and all the infantry companies of the Michigan National Guards have been ordered north immediately to aid in quelling the disturbances in the copper country, where fifteen thousand miners are on a strike.

Adjutant General R. C. Vandercook received orders late this afternoon from Governor Farris to rush the militia to the strike zone, and he expects to have 2,400 men in Houghton and Keweenaw counties before tomorrow night. Provisions for the State Encampment next month were shipped north and thousands of rounds of ammunition and two field pieces supplied with shrapnel will be included in the equipment. It is planned to keep the men in camp until the trouble is over.

Violence is Expected.

CALUMET, Mich., July 24.—Violating the orders of the Western Federation of Miners against violence, many of the fifteen thousand striking miners of the copper belt created enough disturbances today to result in ordering out the troops. No concentrated attack was made on mine property or persons about the mines, but several persons were injured and there were sporadic brawls.

The chief disturbance today was an assault on deputy sheriffs stationed at the mines of the Calumet-Hecia Company to protect that property. None of the mines attempted to operate but the strikers seemed to object to the presence of the deputies and took away their stars. There were many fights after the stars were collected and a few men were taken to the hospitals. The strikers then deserted the surface plants, forcing a suspension of

PRESCOTT FISH MARKET

Dealer in All Kinds of Fish. Lobsters, Crab, Shrimp and Oysters in season. Special attention given phone orders. Prompt delivery to all parts of the city. Phone: Black 395

auxiliary operations. The machine shops and foundries are closed. Several men were at a mass meeting armed with clubs, and others are believed to carry knives and revolvers.

MISTAKEN FOR MURDERER, MAN IS KILLED BY POLICE

NEWARK, N. J., July 24.—William Butler was shot and killed today at Dover by policemen who mistook him for William Corduan, the husband of the woman who was murdered on Tuesday night at her home in Newark. Corduan was arrested soon after the killing of Butler, near the scene of the shooting.

The police charge Corduan with having killed his wife by forcing a rat tail file through the roof of her mouth into her brain. Corduan disappeared after the murder and the police learned that he had gone to the house of a friend in Dover. As they waited outside they saw a man they thought was Corduan. They ordered him to surrender, but they declare he fired at them. Chief of Police Byram fired three shots at the man, who fell dead. Then the police found that he was the wrong man.

BALKAN TROUBLES TO BE SETTLED AT BUCHAREST

(From Friday's Daily)

SOFIA, July 24.—King Ferdinand summoned representatives of the Powers to his palace today and addressed them, saying: "I am anxious to protest before Europe against the outrages and action of the Turkish government, which not content in violating the Treaty of London, is engaged in invading the old territory of my kingdom, giving itself up to most frightful excesses, burning villages, massacring the inhabitants and spreading panic throughout Thrace."
